*In Search of Quality Education'*

## Background

Mae Fah Luang University was established as an autonomous public institution, under a Royal Charter in 1998, with financial support from the Royal Thai Government. The University was established to meet the needs of the people of the North of Thailand, and to commemorate the gracious contribution of the King's Mother. From its inaugural class of 62 students in 1999, Mae Fah Luang University has become Thailand's fastest growing post-secondary institution, with an enrollment expected to exceed 5000 students in 2005. After six years of operation, it is already well-known for the high quality of its teaching, research and service to the people of the North, and to the country in general. The campus now consists of a large complex of modern, state-of-the-art buildings spanning more than 160 hectares. The campus is located in a spectacular setting of mountains and trees conducive to teaching and learning in a clean, inviting environment. As the university continues to grow, construction is on-going with a new residence and social building for international students, a large modern gymnasium, fitness facilities and outdoor sports fields.

Established to serve as both a regional and national university, MFLU also provides high quality educational services and resources to the neighboring countries of the Greater Mekong Sub-region (Cambodia, China, Lao PDR, Myanmar, Vietnam), and reaches out to all of Southeast Asia.

As an institution of higher learning which aims to meet international standards, the University seeks to excel in selected academic areas, and has a strong commitment to high quality in teaching, research, academic service to society, technology adaptation and the promotion of arts and culture.

Mae Fah Luang University concentrates on living and learning in an ideal atmosphere and environment. It is simply the best place to be!

## Programs Offered

MFLU offers degree programs at both undergraduate and graduate levels, and English is the main medium of instruction in almost all disciplines.

### ❖ Undergraduate Degree Programs:

#### School of Agro-Industry:

- Food Technology
- Postharvest Technology and Packaging

#### School of Cosmetic Science:

- Cosmetic Science

#### School of Health Science:

- Applied Thai Medicine
- Health Care Service

#### School of Information Technology:

- Computer Engineering
- Computer Science
- Information Technology
- Information and Communication Technology
- Multimedia Technology and Animation
- Software Engineering

#### School of Law:

- Law

#### School of Liberal Arts:

- Business Chinese
- English

#### School of Management:

- Accounting
- Business Administration
- Economics
- Hospitality Industry Management
- Tourism Management

#### School of Science:

- Applied Chemistry
- Bioscience
- Materials Science
- Biotechnology
- Ceramic Industrial Technology

### ❖ Master Degree Programs:

#### School of Cosmetic Science:

- Cosmetic Science

#### School of Information Technology:

- Advanced Information Technology
- Advanced Software Technology
- (in collaboration with I<sup>2</sup>IT of India)

- Materials Science

### ❖ Doctoral Programs:

#### School of Science:

- Applied Chemistry
- Biotechnology
- Bioscience
- Computational Science
- Materials Science

## Resource Centers and Facilities

The resource centers and other complimentary facilities offer the students the best available up-to-date equipments and high quality learning resources, that allows them to prepare for entering today's modern workforce. Much effort has been put into the network of resources and the active promotion of the spirit and practice of entrepreneurship so that the students may feel more able to participate in Thailand's, as well as the world's, technological environment and business.

## Additional Facilities

Other facilities include modern dormitories, post office, copy centers, bank and ATM, book store, large cafeterias, mini-mart, health service center, modern gymnasium with sports field and track facilities, and fitness center. All of this is surrounded by beautiful gardens and a meticulously landscaped environment.

## Admission Requirements

The University's general admission requirements are annually updated. The complete regulations are available at the Office of the Registrar. The basic requirements for undergraduate are as follows:

1. Students must have a high school diploma or equivalent from a national accredited institution.

2. English proficiency is required, TOEFL score at least 500 or IELTS 6.0.

Application can be made directly to the Office of Admission, MFLU.
