

MAE FAH LUANG

UNIVERSITY

A Leading University in ASEAN
with International Recognition

ASEAN'S TOP 10
YOUNG UNIVERSITIES

Since 1998, Mae Fah Luang University (MFU) has been established as a public autonomous university situated at the gateway to the Greater Mekong Subregion (GMS), in the heart of the ASEAN region. The university was founded to meet the needs of the people in the north of Thailand and its neighbouring countries, and to commemorate the gracious contributions of Her Royal Highness Princess Srinagarindra, lovingly known to her subjects as “Mae Fah Luang”.

Over two decades of development has led Mae Fah Luang University to be recognised as Thailand’s fastest growing higher educational institution. English is used as the primary medium of instruction in the majority of courses, with Active Learning being MFU’s method of teaching. Utilising the “University in the Park” concept, MFU offers an environment and culture highly conducive to living and learning, attracting numerous visitors from many countries annually. This has led to various forms of mutual cooperation and collaborations, and has encouraged the rapidly increasing number of international students.

Vision

"A Leading University in ASEAN
with International Recognition"

Philosophy

Develop people, cultivate knowledge, instill quality,
uphold virtues, and conserve environment.

Emblem

His Majesty the late King Bhumibol Adulyadej graciously granted permission to Mae Fah Luang University to have Her Royal Highness Princess Srinagarindra's monogram as part of the university emblem signifying royalty and propitiousness. In the middle of the monogram are the Thai letters "Sor" and "Wor", representing the letter of the name of Her Royal Highness Princess Srinagarindra. Flowers and leaves symbolise the university's commitment to the development of the quality of life and environmental promotion. The Thai numerals, 8 and 9 are included to refer to Her Royal Highness Princess Srinagarindra being the mother of both King Rama VIII and King Rama IX, His Majesty the late King Bhumibol Adulyadej.

Directions of Operation

- A medium-sized, quality educational institution.
- An academic centre of the GMS and ASEAN.
- Provision of study programmes that are essential and on-demand.
- Emphasis on research at the graduate level.
- Collaboration within the region and in compliance with the national policies.
