Overview

Master of Business Administration (English program)

The Master of Business Administration (Plan A: Thesis program) focuses on equipping students with knowledge, principle, and theories of business administration in general and in depth and business management skills under contemporary management context. The MBA is open to the individuals from a wide range of disciplines with bachelor's degree.

MFU's MBA program feature highly interactive and practical approach to learning. You will gain practical experience and insights through our faculty's extensive experience, as well as through current case studies, prominent guest speakers, and projects based on real business situations. Group projects with people from diverse backgrounds will additionally provide cross-cultural experience that is highly valued in today's international business world. Your career will benefit from strong business networks built up through your contact with professors, guest speakers, and international classmates.

This program is a 1.5 year course divided into four semesters: three semesters of formal lectures and followed by finishing semester which covers the master's thesis project.
