The University in the Park
situated in the heart of ASEAN

Mae Fah Luang University

Since 1998, Mae Fah Luang University (MFU) has been established as a public autonomous university situated at the gateway to the Greater Mekong Subregion (GMS), in the heart of the ASEAN region. The university was founded to meet the needs of the people in the north of Thailand and its neighbouring countries, and to commemorate the gracious contributions of Her Royal Highness Princess Srinagarindra, lovingly known to her subjects as “Mae Fah Luang”.

Over two decades of development has led Mae Fah Luang University to be recognised as Thailand’s fastest growing higher educational institution. English is used as the primary medium of instruction in the majority of courses, with Active Learning being MFU’s method of teaching. Utilising the “University in the Park” concept, MFU offers an environment and culture highly conducive to living and learning, attracting numerous visitors from many countries annually. This has led to various forms of mutual cooperation and collaborations, and has encouraged the rapidly increasing number of international students.

Fees and Financial Planning

Studying at a university can be quite expensive, particularly for international students in Thailand, who are not permitted to do part-time work. Fortunately, the cost of living and fees at MFU compare very favourably to other institutions that teach in English, both in Thailand and around the world. The university is its own self-sufficient campus and provides everything that students need, including free across-campus wifi, inexpensive food (breakfast to dinner, 365 days per year), free transport, convenient accommodation, world class sports centres and great entertainment facilities. Everything on campus is guaranteed to be cheap, and students rarely ever need to leave MFU - except for when leaving on trips!

Working out the amount of money required for your studies can cause a lot of confusion - so we have provided a helpful fee calculation sheet on the opposite page to let you work out the approximate amount of money you will need while studying at MFU. The amounts provided are average minimum amounts and should not be considered as the exact or final figure. This data is only meant to be used as a guide in helping you make a decision and work out your financial planning.

Obtaining a VISA

Once your application to study at MFU has been approved, you will need to obtain a non-immigrant ED visa from the Royal Thai Embassy or Consulate to enter Thailand. This visa will be extended once your study commences. In any case, DO NOT enter Thailand on a tourist or transit visa, as they cannot be extended to cover your period of study.

Required Documents:

1. Visa application form completely filled out.
2. Passport or travel document with validity not less than 6 months.
3. 4x6 cm photograph, taken within the past 6 months.
4. Letter of acceptance and transcript from the concerned schools / universities or institutes.
5. Letter from MFU stating that applicants are visiting Thailand for educational purposes.

Note: Foreign nationals on a student visa are not eligible to work in Thailand.
