

Mae Fah Luang
University Chiang Rai, Thailand

School of **COSMETIC SCIENCE**

Master of Science Degree Program in Cosmetic Science (M.Sc.)

Mae Fah Luang University has been granted the Royal Charter as an autonomous public university with financial support from the Royal Thai Government in 1998. At present, the University offers a number of programs covering the field of Arts and Natural Sciences, Social Science, Management Science, and, in 2005, expanding the area of study to Cosmetic Science and Health Sciences

M.Sc. Program in Cosmetic Science

This special M.Sc. program has been designed for those who are well-trained as experienced in Cosmetic Industry. The course will provide both fundamental and advanced knowledge as well as skills specific areas of Cosmetic Science: such as Skin and Hair Care. For the course structure, four modules will be offered:

Module 1, Skin Care in Cosmetic Science

Module 2, Hair and Nail Care in Cosmetic Science

Module 3, Aromatherapy and Spa

Module 4, Color and Make-up in Cosmetic Science

Each module generally contains a series of subjects required for the topic. When complete each module, the students will receive the Certificate of Science Program in Cosmetic Science. In addition, those who complete the series of four modules and continue doing an IS project can transfer the degree to our M.Sc. Program in Cosmetic Science.

Entry Requirements

Applicants with a degree in Science or related areas are considered; those majoring in non-Science degree but having an experience in Cosmetics are also encouraged to apply.

Career Opportunities

Graduates can expect a number of career opportunities. The feasible areas of employment are: Cosmetic Scientists and Researchers, Product Development Experts, and Cosmetic Consultants.
